

4. Possible Subjects of Interest to General Heusinger:

The best possible indications of General Heusinger's interest and the points which he may wish to raise with the DCI revolve around West German defense planning, most particularly the various reports to the effect that the U.S.A. envisages a reduction in its West German forces in view of the increase in the size and capability of the Bundeswehr. There are no other specific points that appear obvious from current State or KUBARK traffic.

HPS: Cable to Bonn asking for additional information on his interests?

Recently Gen. Heusinger was the object of a form of administrative sabotage program in which hundreds of fake invitations to dinner, and to various other functions ostensibly to be given by Heusinger were distributed to politicians, business men, etc. Perhaps Gen. Heusinger would enjoy relating this incident, and the telling of it by him might be interesting.

*This would also provide opportunity for information on the Heusinger's activities and interests, and to the best of our knowledge, the identity of the invitees.*
